Take a trip back to the now WITHERED ROOTS and vanishing values of America's past. You will not believe your eyes and ears. America is in the throes of a full-scale CULTURE WAR. *The moral and spiritual underpinnings of American civilization are collapsing.* There are untold numbers of organizations and individuals who wish to expunge every manifestation of God, Christ, Christianity and the Bible from American life.

Come hear the truth of how America's intimate connection to Christianity from the very beginning was embedded deeply in our public way of life. Though the adversaries of the God of the Bible have been steadily chipping away at America's foundations for 50 years, many indications of our nation's Christian heritage remain. In fact, the evidence is overwhelming and breathtaking for those who care to take the time to recover America's forgotten past.

There will be no charge to attend this Seminar. It is fully funded by area Churches of Christ who believe this message must be heard by our community. The time to act is now.

***If you are disturbed by the direction of our country, you should attend this seminar.**
