## See God in Nature?

**The voice of nature** is impotent regarding the revelation of the will of God.

It can proclaim "**God is,**" but not "**God said.**" It can disclose the face of God but not the mind of God. Man may descend into the depths of the earth, walk the floors of the oceans, and set his foot on some distant planet, but the revelations of his journeys will not contain one word of God's will for his life. The world of nature has no knowledge of sin, Christ, Calvary, or redemption. Man may search the world of nature, but only the Holy Spirit can search the mind of God. That search has been made, and its results have been recorded in the Bible.

—Frank Chesser, Montgomery, Alabama
