to awaken Christians to the urgent need to recall our nation from the moral and spiritual depths to which she has plunged. It issues a stirring call to reaffirm the biblical values that are being systematically stripped from our public life. It offers practical suggestions on how to reclaim our nation in hopes of averting moral and spiritual disaster. You are invited to attend this extremely critical presentation and see the evidence for yourself. The evidence for America's original Christian heritage is staggering and massive.

WELCOME TO ALL VISITORS !!!

The Silencing of God Seminar

by Wayne Hatcher

We are blessed to be a part of something **very special** beginning today and going through Tuesday evening. We are delighted to welcome our brother in Christ, Dave Miller to Hart and Barren County Kentucky to present his timely seminar on *The Silencing of God: The Dismantling of America's Christian Heritage*. We showed a year and half ago the Seminar which he has on DVD. This was so informative and stirring that we began to talk about inviting him to come in person to Horse Cave. Then we began to dream a little bigger and decided this message needed to be heard by our community all around here and would be better served by having it at a bigger facility on a "neutral site." Billy Bybee went to talk to the folks at the Cave City Convention Center about renting it for such an occasion. The elders ask me to get in touch with bro. Miller to see if he would be interested in coming to present the Seminar. Dave was thrilled and excited about the possibilities and quickly said he would love to do so. So after a lot of exchanging emails and phone calls and rearranging schedules, here we are today over a year later. Also, after word began to circulate about our plans, quickly the Mt. Vernon, Coral Hill, Shady Grove and S. Green St. churches of Christ wanted to partner with us and share the expenses. Recently, we were happy to have the Cave City congregation also join with us.

This is a huge undertaking, but we believe it will be worth the effort. As you well know, this is an issue of serious magnitude facing our country and nation. For the

past 50 years there has been a slow but steady chipping away at America's Christian biblical values and foundations that helped form and establish this great nation. Almost daily we see or hear of an incident where someone led a prayer, mentioned God or Christ's name in public which was deemed inappropriate or offensive to someone. The attempt to "remove God", Christ and the Bible from the public arena did not begin last week, and it will not be solved next week.

Bro. Miller writes: *Adolf Hitler is credited with saying: "By means of shrewd lies, unremittingly repeated, it is possible to make people believe that heaven is hell—and hell heaven. The greater the lie, the more readily it will be believed."* Americans have been subjected to just such lies. For some 50 years now, we have been told that the Founding Fathers advocated "separation of church and state," opposed public expressions of religion, and desired that the government and public schools be religionless or religiously neutral. We have been told that the Founding Fathers embraced "pluralism" and "multi-culturalism," and that they advocated the equal validity of **all** religions. We have been told that America was never intended to be a "*Christian* nation." And we have been bullied and berated with the claim that those who oppose immoral behaviors (like abortion and homosexuality) are "politically incorrect," ignorant, intolerant, judgmental, and lack compassion. Indeed, the United States of America is in the throes of a full-scale fight for its very life and soul. The time has come for Christians to stand up and be counted in this crucial war of conflicting ideologies. The SOG Seminar is designed
